I worked really hard to create this pattern and release it for free so please **do not** redistribute in part or in full. If you make and post your Squirtle please credit me. I would love to see what you make!

You **are allowed** to sell the plushies you make from this pattern.

I do not own this character! This is simply a form of fanart for those who love Pokémon :)

If at any point you feel confused please feel free to watch the tutorial on YouTube at Tash's Crochet ❤

Thank you!

Assembly time!

You don't have to follow these exactly, use your own discretion and what you think will look best on your plushie. I suggest using pins to temporarily place each piece so you can see which placement is your favourite.

I used felt to add blue cheeks just below the eyes. You could even make the eyes out of felt to look more like anime eyes if that's your style. Using black yarn I sewed two straight lines as nose holes from the top of round 11 to below it (10-12 area). The arms I attached just below the head between rounds 17 - 21. Placing the feet the same width apart as the arms at the base of the Squirtle.

The shell should be sewn on to the back of the body where you think is best. Attach the tail underneath the shell at the bottom of the body. If you are at all confused please watch the YouTube tutorial for help :)

That's it! You have finished and made your very own Squirtle!! I really hope you enjoyed this pattern. Don't forget that if you want to make a friend for your buddy then there is a free Pikachu and Charmander pattern available from me too ❤
